Designed to create a private outdoor space with views of the Andaman Sea from the large terrace, the villa's architecture merges a three-storey building with an open-air living room and dining area. The dining area features a wood-finish table on the lower level that can be easily removed to create a spacious outdoor space. All three bedrooms are situated on the top floor. The kitchen and living room on the lower level are designed to be open and integrated into the outside spaces, allowing them to be used as an outdoor cooking and living area. The master bedroom and guest room on the top floor have a view of the Andaman Sea and are both fitted with large bathrooms. The master bathroom includes a bathtub, a large shower, a toilet, and a bidet. The guest bathroom has a separate bathtub, a large shower, and a toilet. Other features of the villa include a spiral staircase from the ground floor, a full-length glass windows on the first floor, and a system of under-floor tanks that can be used for domestic water purposes. A unit of the villa costs RM541,800, or RM1,414 a sq ft, while two units is priced at RM1,008,900, or RM1,071 a sq ft, or RM1,494,900 for three units.
